

CORROSERV (M) SDN. BHD.

HEALTH, SAFETY & ENVIRONMENT POLICY

Corroserv® is committed in emphasizing and managing Safety, Health, Environment Protection, Security and Housekeeping as our priorities.

COMPLIANCE

- Comply with relevant statutory requirements and other applicable requirements.
- Provide appropriate personnel protective equipment for all staff and ensure they use them in the course of work.
- Provide staff with certificates authorized by professional bodies.
- Ensure calibration and tagging of equipment complied with relevant specifications.

CONTINUOUS IMPROVEMENT

- Provide safe working environment and culture at our worksites for our staff, visitors and contractors.
- Make available an Action Plan for activities and process to be carried out in a safe and healthy environment.
- Adhere to Standard Operating Procedure when operating equipment.
- Review this policy on Safety, Health and Environment from time to time.

PREVENTION

- Committed to carry out every reasonable effort to eliminate the hazards that can cause accidents and injuries.
- Conduct Job Safety Analysis to define and control hazards that are related with the completed projects.
