

CORROSERV (M) SDN. BHD.

SUSTAINABILITY POLICY

CORROSERV® are committed to conducting our business in an environmentally responsible manner, supporting the long-term health of the planet, the success of our customers, and everyone in the communities where we do business. **CORROSERV®** will fulfil the goals and objectives of the policy as per following areas:

Social Sustainability Management:

- a) To sustain a safe and healthy workforce.
- b) To employ and retain high potential and high performing employees.
- c) To allow and encourage employees to further upgrade their professional and personal skills.
- d) To promote a non-tolerant stance against racial harmony, racial discrimination, sexual harassment or other forms of violence among employees.
- e) To respond in a professional and timely manner to inquiries.

Environmental Sustainability:

- a) To scale down on consumption of non-renewable and non-recyclable materials.
- b) To minimise pollutants and wastes discarded to the air and water from daily business operations.
- c) To adhere to environmental regulatory and legal requirements.
